

Prof. Dr. med. Dr. h.c. Peter Falkai

*Professor and Chairman of the Department of Psychiatry and Psychotherapy
Ludwig-Maximilians-University Hospital Munich, Germany
Professor and Chairman of the Max-Planck Institute for Psychiatry*

Professor Peter Falkai has been working in the field of psychiatry for over 30 years. His main research interest is focused on the neurobiology of psychotic disorders, namely schizophrenia. He has been member of various international and German scientific societies, such as the Schizophrenia International Research Society (SIRS). 2021 – 2023 he was president of the European Psychiatric Association (EPA), and he is currently president of the World Federation of Societies of Biological Psychiatry (WFSBP).

Prof. Falkai has been leading multidisciplinary teams of researchers, whose clinical and research expertise focus continuously on the neurobiological origins and pathomorphological aspects as well as on causal treatment options of psychotic disorders. He is one of 17 LMU researchers among Clarivate's most successful "Highly Cited Researchers".
